Multi-Site Cooperative Agreement  
Minnesota Pollution Control Agency  
Quarterly Progress Report of  
State's and Contractor's Efforts  
Reporting Period: April-June, 1993

Site: Pigs Eye Landfill

Activity: PRP Search

CA Award Amount: \$35,927.00

Project/Budget Period: 9/30/93

Target Completion Date: 7/1/94

Contractor: None

MPCA Site Team:

Project Manager: Nile Fellows  
Technical Analyst: Cathy Saunders  
On-Site Inspector: Jeff Reeder  
PRP Search Person: Cheryl Smith

Summary of Progress this Quarter:

Part of the site was underwater in late June because of the flooding Mississippi River. Staff did site inspection during the flood to determine the impact of the high waters on the site.

A work plan was written and submitted to EPA which outlined the tasks that need to be completed for a PRP search at Pig's Eye.

Staff discussed PRP search with G. Marie Watts from EPA Region V.

Staff examined MPCA files related to the site, and researched site information at the MN Historical Society.

Prepared summary of site history and research collected to date for RPM.

Met with the RPM in April and discussed status of the PRP search.

Difficulties Encountered and/or Anticipated Problems:

(At a minimum explain any technical or administrative problems, schedule slippage or anticipate funding shortfalls.)

Staff time has been restricted due to efforts to finish up work on St. Augusta, and Interlake.

Actions Taken to Resolve Problems and/or Solutions:

Staff will be spending less time on St. Augusta and will therefore, spend much more time on the Pig's Eye PRP search activities.

Activities Planned for Next Quarter:

Complete CA application for additional funds to continue the PRP search efforts.

Continue file search of the city of St. Paul records and other historical records.

Begin interviews of operators who worked at the site.

Estimate of Funds Remaining vs. Funds Needed to Complete the Work Required in the Cooperative Agreement:

	<u>Remaining</u>	<u>Needed</u>
Contractual Costs:	\$ 199.00	\$ 3,500.00
Support Costs:	\$ 17,551.00	\$ 96,731.00
